Early bird rates in effect until March 21st, 2010.

Beautiful Montréal!

Overview

This conference will provide you with profound insight into the Digital Imaging Repository (DI-r) strategy in Canada and how this strategy will impact the practice of radiology in hospitals and independent health facilities. It will address the practical, technical, legal and ethical issues that will arise once DI-r gets fully implemented across the country.

Distinguished Speakers Include:

- **David Weiss, MD**, Carilion Roanoke Memorial Hospital
- **Elizabeth Krupinski, Ph.D.**, Research Professor, University of Arizona, Departments of Radiology and Psychology
- **David Hirschorn MD**, Director of Informatics, Staten Island University Hospital; Research Fellow in Radiology Informatics, Massachusetts General Hospital
- Opening and closing remarks by **David Koff, MD**, Chair, MIIT Conference

At the end of the day you will be able to:

- Understand the rationale behind the DI-r strategy and its architecture;
- Identify the current deployment of DI-r across Canada;
- Learn from and interact with DI-r users and vendors; and,
- Evaluate the technical choices made by vendors and how they addressed specific user requirements.
